

University "Ismail Qemali" of Vlora opened its doors on October 10, 1994 by the decision of Council of Ministers no. 105 date. 02.28.1994. Initially the lessons began only in three faculties - Faculty of Commerce, Faculty of Marine Engineering and the Faculty of Nursing.

The selection of these faculties was made on the basis of the tradition that already existed in Vlora for some of these disciplines. In 1919, in Vlora was opened the Commercial High School, one of the best schools in the country at that time. During 1970-1980, there opened the branch of Economics of the University of Tirana, School of Marine and the Medical High School, which in many ways served as a basis for the establishment of other faculties of the University of Vlora.

Rectors in years:

1994 – 1998	Dr. Shezai Bazaj
