Erasmus+ Programme

Inter-institutional agreement

Key Action 1

Learning mobility for higher education students and staff

between EU Member States and third countries associated to the Programme  
and third countries not associated to the Programme

The institutions<sup>1</sup> named below agree to cooperate for the exchange of students and/or staff in the context of the Erasmus+ programme. This agreement is valid for the Erasmus+ call years **2021-2027** in:

- KA171

The institutions commit to sound and transparent management of funds allocated to them through Erasmus+ and to respect the quality requirements of the Programme, outlined in the Erasmus Charter for Higher Education<sup>2</sup> and in this agreement.

The institutions agree on exchanging their mobility-related data according to the principles of GDPR<sup>3</sup> and in line with the technical standards of the European Student Card Initiative<sup>4</sup>, when this becomes available for international mobility involving third countries not associated to the Programme.

Sending institutions located in EU/EEA countries have to ensure compliance with the provisions of art. 46 GDPR for all participants' personal data exchanged in the context of their mobility with institutions from non-EU/EEA countries without an adequacy decision, on the condition that enforceable data subject rights and effective legal remedies for data subjects are available in the respective third country. The participants should be informed in a transparent manner about the level of protection of their personal data, if this is different from the one where the sending institution is located.

#### **PARTNER INSTITUTIONS IN THIS AGREEMENT:**

UNIVERSITY OF VLORA "ISMAIL QEMALI"

<sup>1</sup> Inter-institutional agreements can be bilateral or multilateral in the case of mobility consortia:

- Bilateral agreements are for cooperation between one higher education institution located in an EU Member State or third country associated to the Programme and another institution located in a third country not associated to the Programme
- Multilateral agreements are for cooperation between a mobility consortium of higher education institutions located in one single EU Member State or third country associated to the Programme and another institution located in a third country not associated to the Programme.

### 3. Recommended language skills

The sending institution, following agreement with the receiving institution, is responsible for providing support to its nominated candidates so that they can have the recommended language skills<sup>9</sup> at the start of the mobility period (see also section 5 "Preparation and Support").

Receiving institution [Erasmus code or city]	Subject area (Optional)	Language of instruction 1	Language of instruction 2	Recommended level	
				Student Mobility [Minimum recommended level in at least one of the languages: B1]	Staff Mobility [Minimum recommended level in at least one of the languages for teaching: B2]

OID E10159336	Any subject	English	-	B1	B2

For more details on the language of instruction recommendations, see the course catalogue of each institution. The links to the course catalogue are provided in the first section.

#### Partnership arrangements: fees and organisational support funds

In accordance with the Erasmus Charter for Higher Education, partners commit to charge no additional fees to students:

- In connection with the organisation or administration of their Erasmus+ mobility period. Any violation to this rule by the partners shall be brought to the attention of the National Agency and may lead to the termination of the participation in the project linked to this inter-institutional agreement, if no corrective measures are taken.

<sup>9</sup> For an easier and consistent understanding of language requirements, it is recommended to use the Common European Framework of Reference for Languages (CEFR): <http://europass.cedefop.europa.eu/en/resources/european-language-levels-cefr>

- For tuition, registration, examinations or access to laboratory and library facilities. Nevertheless, they may be charged small fees on the same basis as local students for costs such as insurance, student unions and the use of miscellaneous material.

The granted Organisational Support (OS) will not be shared between the partners. As the coordinator organization, METU will use this fund to facilitate the KA171 program and enhance the quality of individual mobilities.

Partners agree on the following use of organisational support funds including a list of objectives that both partners consider a priority:

OS Use	Priority Objectives
By the coordinator organization (METU)	Employment of a full-time finance specialist
	Orientation of students and staff right before the start of their mobility
	Facilitation of International Staff Training Weeks at METU
	Dissemination and exploitation of KA171 programme in relevant platforms including digital domains

#### 4. Outreach and Selection of participants: calendar, application procedure and requirements

- Partners commit to doing outreach to participants with fewer opportunities to encourage their participation in the Programme and, where needed, agree on a common strategy to meet indicative inclusion targets.
- Partners commit to running selection procedures for mobility activities that are fair, transparent and documented, ensuring equal opportunities to participants eligible for mobility. The calls for applications must be public and an appeal procedure must be in place. Under no circumstances, shall applicants and selected participants incur any costs during application and selection procedures.
- In the case of student mobility, partners will ensure that other elements beyond academic merit are taken into account to ensure participation of students with fewer opportunities. Selection criteria and procedures must be clearly communicated in the call for applications.

Applications/information on nominated students must reach the receiving institution by:

## 5. Preparation and support

The Higher Education Institution(s) in an EU Member State or associated third country commit(s) to:

- Ensure that students are aware of their rights and obligations as defined in the *Erasmus+ Student Charter*<sup>12</sup>.
- Arrange travels or provide a pre-financing of the grant to **reduce the costs that participants need to cover upfront**, to the extent possible.

All involved Higher Education Institutions commit to the following preparation and support measures. Information and assistance can be provided by the contact points and information sources in the table below:

- The receiving institution will guide incoming mobile participants in finding **accommodation**, according to the requirements of the Erasmus Charter for Higher Education. It is considered best practice to use the individual grant to pay for the deposit of dormitories.
- Ensure that outgoing mobile participants are well prepared for their activities abroad, including blended mobility, by undertaking activities to achieve the necessary level of **linguistic proficiency** and develop their **intercultural competences**.
- Provide assistance related to obtaining **visas**, when required, for incoming and outgoing mobile participants, according to the requirements of the Erasmus Charter for Higher Education and, if needed, use project funds in the most inclusive way to cover related costs partially or in full.
- Provide assistance related to obtaining **insurance**, when required, for incoming and outgoing mobile participants, according to the requirements of the Erasmus Charter for Higher Education and use project funds in the most inclusive way to cover related costs partially or in full. The receiving institution will inform mobile participants of cases in which insurance cover is not automatically provided.
- The receiving institution will inform about the existence of relevant infrastructure and provide support to incoming **participants with fewer opportunities**.
- Provide **appropriate mentoring and support arrangements** for mobile participants, including for those pursuing blended mobility, as well as **integrate incoming mobile participants** into the wider student community and in the Institution's everyday life.
- Provide participants with their **grant as soon as possible upon arrival**, including if necessary a first payment using cash, check or similar to avoid delays linked to opening a bank account.
- The institutions commit to encourage participants to act as **ambassadors of the Erasmus+ Programme** and share

<sup>12</sup> The Erasmus+ Student Charter is available here: [https://ec.europa.eu/programmes/erasmus-plus/resources/documents/applicants/student-charter\\_en](https://ec.europa.eu/programmes/erasmus-plus/resources/documents/applicants/student-charter_en)

			All incoming participants are assigned a mentor at ICO. In addition to mentoring available at ICO, incoming students are also matched with a local METU student, who will help in their adaptation to campus life. Host students get in touch with incomings prior to their arrival. Lastly, ICO works in close cooperation with METU ESN, which is an active student organization facilitating adaptation process of incoming Erasmus students.

Alumni information	TR ANKARA04	<a href="mailto:icm@metu.edu.tr">icm@metu.edu.tr</a>	ICO will cooperate with METU ESN (local student club) to build a dedicated network for alumni.

\* METU (TR ANKARA04) has a Disability Support Office (DSO; <http://engelsiz.metu.edu.tr/en>) and "METU without Barriers" student club. DSO offers academic support (academic accommodations, note-taker support, etc.) and orientation programs designed according to the specific needs of disabled students. Support services are provided in cases of Visual impairment, Auditory disabilities, Motor disabilities, Attention deficit hyperactivity disorder, Learning disabilities, Speech and language disorders, Autism spectrum disorder, Psychiatric disorders and Chronic health conditions. DSO also provides transportation support on campus in cases of motor disabilities and visual disabilities (wheelchair accessible vehicle and free taxi service for in-campus transportation). Also, some buildings on campus are accessible for individuals with serious mobility impairments and in others disabled-friendly facilities are being constructed.

Students/staff with disabilities must submit their disability report to METU before the start of their mobility so that necessary arrangements could be done by ICO in cooperation with DSO. The disability report must be in English language and issued by a certified expert (such as a medical doctor, psychiatrist, etc.) in the disabled individual's country. Documents which are older than 1 year (except those without any due date) and those in languages other than English cannot be processed by DSO, thus disability support cannot be provided in such cases.

## 6. Recognition

Institutions commit to:

- Ensure recognition for activities satisfactorily completed.

Recognition Tools:

- European Credit Transfer and Accumulation System
- Transcript of Records

- Ensure that student and staff mobility for education or training purposes is based on a learning agreement for students and a mobility agreement for staff validated in advance between the sending and receiving institutions or non-academic organisations and the mobile participants.
- Accept all activities indicated in the learning agreement, or according to the learning outcomes of the modules completed abroad, as automatically counting towards the degree, provided these have been satisfactorily completed by the mobile student.
- Partners commit to taking measures to ensure recognition of student and staff mobility upon their return, including:
  - o Providing incoming mobile students and their sending institutions with free-of-charge transcripts. The documents must be in English or in the language of the sending institution and containing a full, accurate and timely record of the achievements at the end of the mobility period.
  - o A Transcript of Records will be issued by the receiving institution no later than **5 weeks** after the assessment period has finished at the receiving HEI.
  - o Providing students on traineeships and staff with a certificate for the activities completed. It is recommended to issue a certificate towards the end of the mobility period.

## 7. Grading systems of the institutions

It is recommended that receiving institutions provide the statistical distribution of grades or make the information available through EGRACONS according to the descriptions in the ECTS users' guide<sup>13</sup>. The table will facilitate the interpretation of each grade awarded to students and will facilitate the credit transfer by the sending institution.

<sup>13</sup> The ECTS user's guide is available here: [https://ec.europa.eu/education/resources-and-tools/document-library/ects-users-guide\\_en](https://ec.europa.eu/education/resources-and-tools/document-library/ects-users-guide_en)
