A few words about TANGRAM

Ionian area”.

TANGRAM is a multilateral transnational cooperation project co-financed by the Interreg [V-B Adriatic Ionian programme](#) - ADRION - under Priority Axis 2 “Sustainable Region”. / Specific Objective 2.1 “Promote the sustainable valorization and preservation of natural and cultural heritage as growth assets in the Adriatic-Ionian area”.

The project aspires to build and promote the ADRION brand name in tourism by promoting a sustainable valorization and integration into the tourism offer of Parks as hidden resources by an innovative governance system based on the collaboration between public and private. Natural/cultural heritage sustainable valorization and effective promotion are embedded in the TANGRAM project logic.

The above goals will be met by exchanging good practices in tourism management/marketing, analyzing and exploiting business opportunities within a new governance system based on a participative approach, enhancing the capacities of all relevant stakeholders in sustainable tourism management and marketing, formulating proper joint strategies and action plans for integrated management of sustainable tourism.

Expected Results

1. Enhanced and differentiated ADRION tourism offers through the Local Action Plans and Transnational Action Plan leading to prolongation of tourism season; attraction of high-income, educated, and sophisticated tourists.
2. Creation of sustainable and high-quality jobs in the tourism sector.
3. Increased knowledge of partners and stakeholders in tourism strategy and marketing resulting from the multiplatform capacity building and after the implementation of the EASW workshop.
4. Improved governance system based on the collaboration between private and public stakeholders in the promotion of sustainable tourism destination thanks to the Parks promotion in the TANGRAM transnational network for the development of specialized services for specific tourist specific market niches in the parks.

Civil society organization Proactive

On February 1st in the City of Niš in the organization of CSO Proactive on TANGRAM project under ADRION program was held conference Project realization in COVID - 19 period - TANGRAM 2nd International Conference.

In the Ambassador meeting hall with the in-person participation of 4 project partners (*RDA Banat, Argonauta, TOBL - Turistička organizacija grada Banja Luka, CSO Proactive*) we talk about some of the most important activities on the TANGRAM Project.

The conference was organized in a hybrid model because of COVID 19 pandemic, with online and in-person participation. In a welcome speech Milan Babic, a member of Proactive greeted all participants and wished them successful and productive work, in the hope that the next meeting will be the place where all the partners will gather in person and work under normal conditions.

The next session was about Benchmarking and TANGRAM Transnational Cooperation Network and it was represented by PP10 University of Vlora. In this session, we talked about Activity - Establishment of the transnational TANGRAM network and Memorandum of Agreement - signature by the PPs state of the art. All PP agree that we need to finish this activity as soon as possible and to provide

information on the project drive, on that way we will complete Benchmarking process.

The last session was about Communication, and it was represented by DAE. In this session, all project partners received important information for communication. We plan the next activities and talk on a few different topics, Project partners inputs for the website and social pages updating where we plan next steps and activities, calendar planning, Newsletter contents and time plan for the next newsletter, Events and mitigation measures which need to be adopted, Next steps of communication activities.

In the end, we agree that we need to continue with successful work and communication and promotion of the TANGRAM project on social media, but also on the web platform that all project partners use in everyday communication.
