

Fourth International Conference on New Research and Advances on Computer Science and Information Technology NRA - CSIT 2023

NRA-CSIT
2023

Dear academics, researchers, scientists and technologists, scholars and research firms, We are glad to invite you in our Fourth International Conference on New Research and Advances on Computer Science and Information Technology which will be held on 15-16 December 2023 in Vlore, Albania.

The conference will be organized by the collaboration of :

Department of Computer Science, Faculty of Technical and Natural Sciences, "Ismail Qemali" University of Vlora, Department of Informatics, Faculty of Natural Sciences FNS, University of Tirana and Department of Informatics, FNS, "Aleksander Xhuvani" University of Elbasan.

The conference aims to bring together researchers, scientists, engineers, and scholar students to present their latest research results and share their experiences, new ideas, and development of all aspects in the fields of computer science and information technology. All honorable authors are kindly encouraged to contribute and help shape the conference through submissions of their research abstracts, papers and posters.

The topics that will be covered in the NRA - CSIT 2023 conference include, but are not limited to:

E-Systems and Computer Systems
E-Services (E-Government, E-Business, E-Learning)
Database Systems
Data Warehousing Data Mining
Information Assurance
Web Services and Technologies
Data Communication and Networks
Internet of Things
Artificial Intelligence
Big Data
Cloud Computing and Mobile Technologies
Cluster and Grid Computing
Mobile Games
ICT for Education
Smart City
Embedded System
Electrical Engineering
Automation Engineering
Interdisciplinary applications of Engineering
Semiconductor Technology

Mathematical Statistics in Applied Sciences
Logic in computer science and mathematical sciences
Computational Intelligence
Free Software and Open Source
Open Data and Open Knowledge
Human computer interaction
Multimedia systems
Combinatorial optimization
Information retrieval
Data visualization
Theory of computation
Bioinformatics
Mobile/Wireless Security
Network Security and Web security
Privacy & Data Protection
Security Engineering
Electrical Machines and Installations
Computational Mechanics
CAD/CAM Integration Technology

Important Dates:

Abstract submission: **October 21, 2023**
Full Paper submission: **November 17, 2023**
Acceptance notification: **December 08, 2023**
Early Registration date: **December 11, 2023**
Conference date: **December 15-16, 2023**

No Registration Free

Types of presentation and publications:

All accepted papers will be published in Proceedings Book (ISBN-print and ISSN-Online)
