

ILOFORDIGITAL

Industrial Liaison Offices (ILO)
for empowerment of a cross
border Digital, entrepreneurial
and professional skills network

SOCIAL

ILOFORDIGITAL - Industrial Liaison Offices (ILO) for empowerment of a cross border Digital, entrepreneurial and professional skills network - is a project funded by the European Union under the Interreg IPA South Adriatic Programme 2021-2027.

Duration

start date - end date

01-02-2024 / 31.01.2025

Main Goal

ILOFORDIGITAL overall objective is to share, develop and strengthen skills, methodologies and knowledge to empower a cross border digital, entrepreneurial and professional skills network.

Total budget

197.034 €

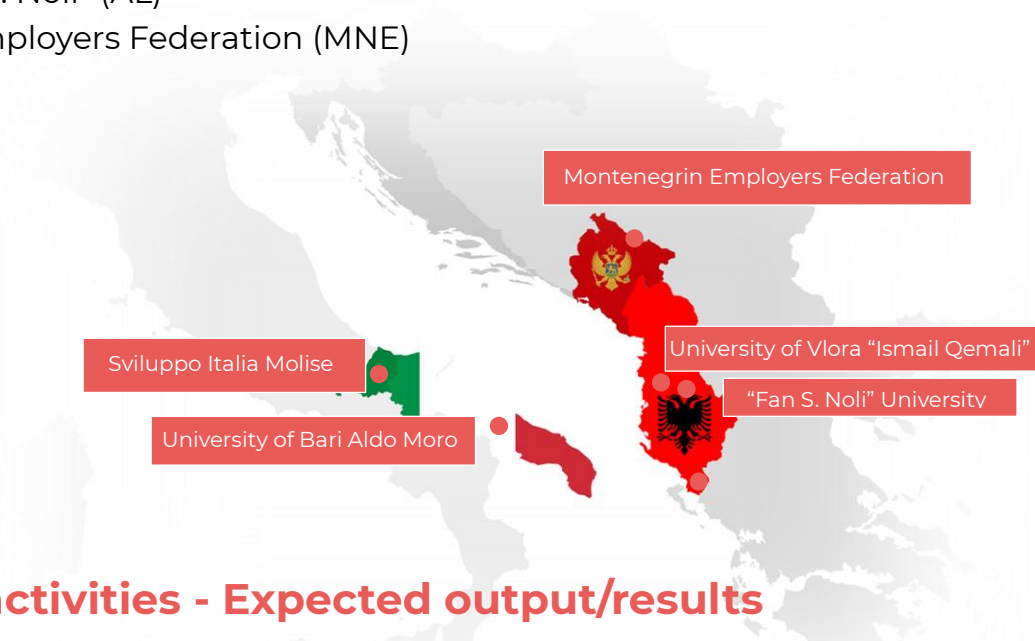

EU funding

161.902 €

Project Partners

- University of Bari Aldo Moro (IT)
- Sviluppo Italia Molise (IT)
- University of Vlora "Ismail Qemali" (AL)
- University "Fan S. Noli" (AL)
- Montenegrin Employers Federation (MNE)

Project main activities - Expected output/results

The ILOFORDIGITAL Project, within the Specific Objective 4.1 of the Interreg IPA South Adriatic Program 2021-2027, was born from the recognition of the growing problem of the shortage of high-level skills, especially in the digital sector, and the need to train skills at an international level to avoid the phenomenon of "brain drain", and encourage youth entrepreneurship and the creation of new innovative businesses in Puglia, Molise, Albania and Montenegro.

The project will develop a joint strategy based on the contextual analysis carried out by each partner per country and will take into account the outputs/results of the workshops. Joint training programs will be developed (targeted training courses and accompanying actions) on entrepreneurial topics for the creation of digital businesses and on digital topics, with the aim of transmitting digital and professional skills by steering innovation to the benefit of the entire area.
